

modified wood by Accsys Technologies

KELLS TRADITIONAL TIMBER WINDOWS & DOORS

available from:

A SUMMARY OF ACCOYA® WOOD

Accoya® wood is produced from sustainably sourced, fast growing wood and manufactured using Accsys' proprietary patented modification process from surface to core.

The result: a durable, dimensionally stable, reliable and beautiful solid wood with the performance characteristics of the most durable tropical hardwoods, but offering industry-leading environmental credentials.

A new world of sustainable and low maintenance windows and doors is available using Accoya® wood.

- / Accoya® wood windows and doors can be expected to last at least twice as long as engineered softwood before replacement
- / Low risk of windows and doors jamming in humid conditions
- / Coating maintenance intervals can be expected to be twice as long on Accoya® wood
- / Accoya® wood windows and doors contain no biocides
- / Thermal conductivity is improved in comparison with softwoods and hardwoods

ABOUT KELLS

Kells Windows stands for timber windows and doors of exceptional quality and outstanding beauty. This reputation is based on a track record of only ever using skilled craftsmen and also offering manufacturing and installation services to homes and businesses across Ireland and the UK.

Quality is very important to us, our expert craftsmen are highly experienced that will create historically accurate windows to your exact specification.

From manufacture to installation, your project receives the individual attention of an expert. Our craftsmen can recreate a period window or turn an architect's design into reality and our expert surveyors can advise you on the best solution for your project.

You can be sure of maintaining the integrity of your property, whilst meeting the most stringent planning restrictions.

Every Kells product and installation process combines traditional joinery techniques and the latest glazing and draft proofing technology, creating new windows that achieve the highest levels of energy efficiency.

Our attention to detail extends to the considerate way our craftsmen work within your property throughout the installation process. From start to finish, they will aim to minimise the potential disruption to you and your property.
