

THE CRAFT OF BEAUTIFUL  
TIMBER WINDOWS AND DOORS

THE CRAFT OF BEAUTIFUL  
TIMBER WINDOWS AND DOORS

**Kells believes our traditional windows should make your home a warmer and more comfortable place to be.**

**We combine traditional joinery with the latest glazing and draught proofing technology to achieve the highest levels of energy efficiency and comfort.**

**Our Heritage Eco sash window has been awarded an 'A' rating for energy efficiency.**

**The secret of draught free sash windows**

**Our unique Kellseal draught proofing seal virtually eliminates the draughts associated with sliding sash windows.**

**Creating a perfect finish**

**You can choose Kells windows and doors pre-finished with our factory applied coating system.**

**Available in a wide range of natural woodstains or colours it creates the perfect finish to complement your home.**

**The highest level of quality and service**

**From manufacture to installation, your project receives the individual attention of our experts.**

**Our installation service leaves nothing to chance. We manage the whole process from survey through to completion to ensure you are completely happy with the finished work.**

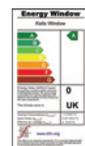

The Kells name stands for beautifully crafted, high quality timber windows and doors for heritage properties, conservation projects and for people who love their homes.

Our craftsmen use carefully selected sustainably sourced timber to create windows and doors that faithfully reproduce the original style and character of period properties.
